“Plein air Painting in Rocky Mountain National Park”

Celebrating the Fourth of July in Estes Park means more than spectacular light flashes and the sound of fireworks reverberating from the peaks surrounding this mountain village, although that culmination of events here is known throughout the state as one of the best fireworks displays anywhere. It also holds an incredible opportunity to capture spectacular lighting in a captivating landscape. Paul will demonstrate painting on location in one of the most scenic places in the Great Rocky Mountain National Park.

If watermedia is your passion, then this highly energized painting workshop is for you! Paul's stress-free, positive approach toward the act of painting will inspire you to loosen up and have fun again. Expect an intense, concentrated and lively workshop where you will elevate your understanding of how watercolor can be controlled.

Paul is the author of *Painting Spectacular Light Effects in Watercolor*. His work is often featured in *International Artist* and *The Artist's Magazine*. He is a signature member of the American Watercolor Society and National Watercolor Society.
